My Best Friend David 4

I looked at the clock before we drifted off to sleep and it was 3 am. We snuggled against each other's naked bodies and slowly drifted off to sleep.

Well...it was really more of a nap...we both awoke at 6 am and I felt David's erection pressing against my side. I put my hand on it and we both laughed. We had each had 4 orgasms in the past 10 hours and David was hard again. He just couldn't get enough. I kissed him as he began to explore my growing penis. Soon David had me as hard as a rock.

David kissed me on the cheek and whispered that he was not in a hurry this time...He wanted time to explore my body. I kissed him deeply and we flipped around into a 69 position so that we could fully explore each other. Mostly we were touching and feeling each other and telling each other what felt good.

I pulled his thick penis toward my lips and I kissed the tip. I felt the drop of precum on my lips. I licked it off as David watched. He did the same to me.

I opened my lips and took his glans into my mouth. He tasted wonderful and a little salty from his last orgasm. My tongue started to explore him. I started licking him like an ice cream cone. I paid a lot of attention to the underside and the corona because I knew it felt so good when he touched me there.

Soon David was moaning and running his fingers through my hair. I took him back in my mouth and I sucked him deeply. I forced myself to take him to the pubes. I was still having some problems with gagging, but I didn't care.

David warned me that he was going to cum. I held his hips and drew him in further. I knew he was beyond the point of no return. I felt the semen begin to jet up through his ultra hard cock. Fortunately we had cum so many time he did not have much to give me.

When his orgasm subsided, he took my cock and began to lick the precum off of it. It was so sensitive; I did not know how long I could last. I was moaning so much David knew I was close and he took me deep in his throat.

I went over the edge and held his head while I fucked his face. David played with the back of my thighs and that only made me thrust harder and more often. The orgasm seemed to last for ever. When I finished, I was gasping for breath.

I turned around and kissed David and we probed each other's mouth. Our cum mixed together as we kissed. We kissed and hugged and ran our hands all over each other. David whispered in my ear, This is amazing! We hugged each other tight until we drifted back off to sleep.

At 9 am David awoke with my hard cock pressing against his belly. He laughed and said that I couldn't be hard again.

Sorry Dude, I said, I woke up and was just looking at you and got hard again. I kissed him and poked him again with my rock hard boner.

David bent his head and began to suck my nipples. Then he traced his way to my belly button and it tickled so bad I could that I could not stop giggling. He kept it up and started to tickle me too. I told him he had to stop before I pissed myself.

He said, you wouldn't.

If you keep that up I won't be able to help it, I told him.

He gave me kind of an evil laugh and said that he would have to remember that. He then started to lick his way to my pubes. David licked my cock all over. Then he started to gently lick my scrotum. While he was at that he found the ultra sensitive place behind my nuts. The pleasure was so intense, I didn't think I could take it.

David looked into my eyes as he lay between my legs. He pulled my cock up and began to suck me very slowly. He would let me build up to the edge of an orgasm and then stop. He wanted to see how long he could keep me on the edge. After the fifth orgasm I was almost dry. But it was one of the most intense climaxes I have ever had.

I took him by the hand and we went to the shower to wash off the night's pleasure. I gently washed David's penis and then kissed him as we stood under the warm water of the shower. Both of our cocks were raw and swollen. Our nuts ached from having so many orgasms.

I continued to kiss him and fondle his penis. He pulled back and said, I love this...but I am starving....your cock was a good snack this morning but I need something more substantial.

I rapped him lightly on the nuts and told him he would pay for that comment later. That brought on a little nude wet boy wrestling. We finally knocked it off and dried off.

David pulled on his jeans and a v-neck lamb's wool sweater commando. So I did the same thing. We pulled on our loafers with out socks. I grabbed the room key and we headed for the dining room.

Mom and Dad were having breakfast. Mom wanted to know if we were taking a shower in the middle of the night. I told her no...it woke us up too. Somebody seemed to be making a lot of noise last night.

They offered for us to go furniture shopping with them. We said thanks but no thanks. David and I went back to the room. We were both so tired and sexually spent that we got naked and climbed back in bed and went right back to sleep. I loved the feeling of his warm, naked body against mine.

We both slept soundly until about 1:30 pm. We were each in the same position as when we went to sleep except David's hand was resting on my hard cock. He quickly removed it as if he had been caught doing something wrong. For a moment I was worried. Then David said, you errr..uhhh didn't want to do anything did you.

I laughed and told him that despite what the little head was telling him, the little head was done for a while.

He smiled and said, Good! My cock is kind of sore and swollen.

Mine is too, I told him.

We got up and dressed and went back to the dining room and ordered lunch.

When we finished lunch, David asked if I wanted to go to the strip mall across the street. We walked over and walked into a drug store. There was a clerk at the checkout when we walked in. David walked toward the back of the store and found the family planning section. He was looking at the display of condoms while he was looking around to see if anyone was watching.

Moments later a voice behind us asked if he could help us. David kind of mumbled and blushed in response. The pharmacist said not to be embarrassed. He looked at David and asked if he knew what he wanted. David blushed and said no.

The pharmacist looked at David and zeroed in on the bulge in his khaki pants and asked, First time?

David blushed again and said, yes it is.

The pharmacist was really nice and said not to be embarrassed because everyone has a first time. He grabbed several boxes of condoms and said to follow him. We followed him through the pharmacy where he stopped and made a call to the front counter telling Sylvia to stay there that he would be back shortly.

We followed him back to the stockroom. He looked at David and asked him if he had ever used a condom. David shook his head no. The outline of David's young boner was highly visible in his khakis.

The pharmacist said he would teach us how to use the condoms. He told David to drop his pants. David blushed and hesitated. The pharmacist looked at him and asked him if he wanted to learn how to use the condom? David nodded yes and dropped his pants to his ankles.

The pharmacist looked at his erection and said, That is magnificent. He gently touched the underside of David's erection and looked at David.

You have had a lot of sex recently, haven't you?

David nodded yes.

The pharmacist looked at me and asked why I had not dropped my pants.

I blushed and immediately dropped my pants.

Oh wow, that is magnificent too! He reached out and gently fondled my penis. You have had a lot of sex too haven't you?

I nodded yes.

He took hold of both erections and gently fondled them. He looked at us and said, have you had sex with each other?

David really blushed and didn't answer.

The pharmacist said that it did not matter, he would help us no matter what. He said it was just helpful to know how the condom was going to be used.

David said, Yeah we have had sex...A lot of sex.

The Pharmacist said not to worry about it. He opened a box of LifeStyles Ultra Sensitive and took one out. He opened the foil pouch and pulled the condom out. He pulled David toward him.

He looked at David and said, wow your cock is marvelous. It is so thick for a young man. He started to roll the condom over David's cock. David moaned at his touch.

He rolled the condom down explaining the importance of leaving room at the tip.

When he finished, the pharmacist unrolled the condom and threw it in a waist basket. He looked directly at David and said I would really like to suck your cock and he turned to me and said, I want to suck yours too.

We were both hesitant.

He looked at us and said, I will pay each of you \$50 if you let me suck you. I watched as David's penis got rock hard and throbbed with each beat of his heart. David nodded yes. The pharmacist bent over as if he was going to take David's cock in his mouth. David put his hand on his shoulder and asked about the money. The pharmacist went out and came back with \$50 for each of us.

This time he took David's cock and began to gently suck it. David was sooo hard and hot that it only too a few moments for him to cum. The pharmacist turned to me and began to more gently suck me and lick my corona and glans. He kept it up for a few minutes. Then I too went beyond the point of no return and I lost myself in a climax.

The pharmacist asked if we minded if he jacked off?

We said it was fine with us.

The pharmacist stood up. The outline of his erection in his pants was enough to tell us it was huge. The wet ring on his pants made us think that he had come once already. He unzipped and unbuckled his pants and let them drop to the floor and then he stripped off his boxers.

David and I both gasp...it was huge. We debated for a long time afterward just how big it was, but we were both sure it was over 8 ½" long and unbelievably thick. The glans was an angry red color. It stood out from his body and throbbed with each beat of his heart. He was massive.

David and I both looked at it and were amazed. David asked if it was okay if he touched it. As he did the massive hard-on leaked a continuous stream of precum. I touched the angry red glans and the pharmacist moaned.

He grabbed hold of his erection and began to stroke it at a furious pace. He was grunting and groaning. After just a few moments he gasped, Oh shit here it cums. The sperm began jetting out of the tip of his penis in long ropes. The first one made a stripe from David's belly button down across his erect penis.

The pharmacist said, Oh shit and this time fired a rope of cum all over my penis and balls. He continued to squirt his seed on our pants and shoes.

When he caught his breath he said he was sorry for cumming on us and began to lick the cum off of each of us. It was pretty cool to watch him eat his own cum. He tried to clean our pants, but there were still big wet spots. He asked us to go out the back door so the clerk in front wouldn't get suspicious. He gave us the sack with the condoms and he also put in a tube of KY Jelly. He thanked us and told us he was working the next day if we wanted to come back.

We went back to the hotel laughing about our experience. We hoped my parents wouldn't notice the stains on our pants because they were the only ones we had to wear to dinner. David suggested that we take a bath together. We soaked and continued to explore each other's body but did not do more than kiss.

Mom and Dad came back about 6 pm and they said they thought we should go to a movie. We were watching the movie. It was really dark in the theater. I kicked off my loafer and messed around with David's shoe. He kicked off his shoe and we played with each other's feet. David kept rubbing his knee against mine. I was soooo hard!

After the movie Dad wanted to go for a late dinner at a roof top restaurant. It was pretty fancy...white table cloths and all. When we were seated, Mom and Dad excused themselves and went to the restroom. David and I were sitting across from each other. I kicked off my shoe and began to massage his crotch until I felt him get a raging hard on. The waiter came and asked us what we wanted to drink and David could barely answer. I saw Mom and Dad walking back to the table so I quickly pulled my foot back and slipped my shoe back on.

When we finished our salad, David and I went to the restroom. There was no divider between the urinals. As soon as David pulled out his cock, I reached over and held it while he pissed. He started to get hard while he was peeing. I was pretty hard myself, but I had finished and was putting my cock back in my pants. I heard the door open. I pulled my other hand back from David's cock and went to wash my hands. The guy walked in and stood next to David. He must have seen the boner out of the corner of his eye because he looked right at it a moment later.

David was really embarrassed but he could not stop. He still was not done peeing. The guy just stood there and looked at David. Soon the guy had a boner. David was afraid someone else would walk in so he stuffed his hard penis back in his pants. Of course he was going commando so there was no hiding the huge bulge in his pants. David begged

me to walk in front of him so that he could try to hide his erection. Between me waling in front and David putting his hand in his pants, he covered most of it. He just looked like he was playing with himself.

When dinner was over we went back to our hotel. We said good night to Mom and Dad and went in our own room.

As soon as we got in the room we both cracked up laughing. I took him in my arms and kissed him and told him I was sorry for making him bone in the bathroom. As I was kissing him I slowly undressed him. Soon we were both naked grinding our hard cocks against each other. David broke the kiss and said he knew just how I was going to pay him back for all of the trouble I had caused him...

More to come....
